

AMERICAN WARSHIPS ACT AS RESTRAINT

DIMINISH LIKELIHOOD OF INTERVENTION IN CUBA.

**Secretary Knox Reiterates State-
ment That U. S. Will Not Interfere
Plan to Let Cuban Government
Work Out Its Own Salvation in
Present Uprising.**

Washington, June 10.—The presence of American warships in Havana harbor this afternoon may be regarded as greatly diminishing the likelihood of intervention in Cuba, according to the construction placed upon that fact by an administration. It is felt that the mere presence of the two warships will restrain the restless and excited element of Ha-

Secretary Knox, who all along has lost no opportunity of declaring against any purpose to intervene politically in Cuba unless absolutely driven to do so by the failure of the Cuban government to uphold the law and protect life and property, fell upon today to renew that assertion. He said that he had been through Orestes Ferrera, speaker of the Cuban house of representatives, who called upon the secretary. And he also let it be known to the American people not only that the United States does not contemplate intervention, but that he believed that the Cuban government would be able to suppress the insurrection.

The matter of how far Cuba can go in borrow money will also be discussed by Secretary Knox and Mr. Ferraro.

here that Major General Leonard Wood, chief of staff, would be the man to send to Cuba to settle the present troubles. He stands well with all classes. Senor Ferrera speaks of the Cuban house of representatives today addressed the American house of representatives and was enthusiastically received. He declared the present Cuban revolution was actually "more in diplomatic aspects than in reality," and argued that the United States let the Cuban government work out its own salvation in putting down the uprising. He expressed the belief that this would be done, for he said "Justice and the United States were anonymous."

Roosevelt Talks of Nomination

The Outlook.
New York, June 10.—Theodor

Roosevelt discusses present conditions at Chicago in an article made public to night and to appear in the current issue of The Outlook. M

Roosevelt declares:
"The content for the Republican Nominations has now narrowed down to a naked issue of right and wrong for the issue is simply whether or not we shall permit a system of naked fraud of naked theft from the people to triumph."
He reiterates his charges of fraud made heretofore and alleges that an attempt is being made by the Taft managers to use the national committee for the purpose of unseating honestly elected delegates representing honest and fraudulent

delegates, especially from the state where there is no real Republican party to secure the nomination for Mr. Taft."

New Trouble Faces Jack Johnson—
Valuable Necklace Found in His
Home.
Chicago, June 19.—A special grand jury sworn in today will be asked to return an indictment against Champion Jack Johnson of a charge of embezzling.
A necklace recently found a \$3,000 value in Johnson's home.
Johnson made a futile attempt to settle the affair with the government without being prosecuted. He is reported to have agreed to pay the government \$5,000 if District Attorney Wilkerson would promise not to prosecute the case.

FAVOR HEALTH CERTIFICATE
Chicago, June 10.—Members of the Francis Jayville Aid club will at the next Illinois Legislature to pass a law making the issuance of a marriage license conditional on a physician's certificate of sound health. This move was decided upon today at a meeting of the club.

The legislature also will be asked to appropriate funds for the building and maintenance of a home for diseased and passing away patients of the hospital and to grant certain cases

DR. McELROY PREACHES ANNIVERSARY SERMON

Former Pastor of Grace M. E. Church, Now of Springfield, Celebrates Long Service in Ministry.

Dr. W. N. McElroy, one of the best known ministers of the Illinois conference, now a resident of Springfield, was 80 years old Monday and in honor of the occasion he preached at the First Methodist church in Springfield, Sunday morning from the subject "The Then, the Now and the Hereafter."

For 50 years Dr. McElroy has seen active service in the ministry, and for 18 years he has been either or district superintendent. His parents came to Illinois from Ohio, and settled on a farm in Pike county near Griggsville. For a number of years he taught school, being an instructor for one year in Wesleyan university. He started in the ministry as a circuit rider, his first charge being Naples, in 1862. From there he went to Havana and the other places in the following years: 1862-66, Shelbyville; 1867-69, Bloomington; first charge, 1870; Champaign, 1871-72; Danville, North street, 1873; Decatur First church; 1874-75, Champaign; 1876-77, Champaign District; 1878, Bloomington First church; 1879-82, Bloomington District; 1883-85, Jacksonville, Grace church; 1886-89, Springfield, First church; 1890-95, Springfield District; 1896-1901, Jacksonville District; 1902-03, Springfield, Krumler church; 1904, supernumerary relations; 1905-07, Laurel and City Missions (Springfield); 1908-9, supernumerary relations. The long service of Dr. McElroy in the ministry in which so many pastorates were covered is due to the fact that when he first entered the ministry the time limit was taken off entirely.

For six times Dr. McElroy has been a delegate to the general conference of the church and was a delegate to the first Ecumenical conference held in London, England, in 1881. He has also recently written a history of Methodism in Illinois, covering the entire state.

Rev. Mr. and Mrs. McElroy are planning to celebrate their 50th wedding anniversary on October 7, of this year.

Y. M. C. A. CAMP NOTES.

Harr, Rutledge and Lane went to Havana this morning. They stopped at the west side park and witnessed the events, also visited the zoo. Rutledge became interested in a candy store and remained for a short time. Harry Walker returned last night on the event. He was just in time to embark on the Olympic, which was bound for a nearby port. Frye and Walker caused the greatest excitement in camp by swimming the Illinois river this morning. The river was very rapid, which caused the young men to exert every muscle. They received many compliments.

A great event involving boat racing, is expected to occur some time during the day. Becker, the judge, will present a gold pin to the winner.

Several of our Baptist friends from Jacksonville visited the camp Sunday.

Becker, who has been busy training for the Olympic games soon to be held in Sweden, will withdraw for this season on account of Henry Davis' good cooking, but claims he will contest next year.

Last evening, while sitting on the veranda the attention of two young men was attracted to what appeared to be a monkey climbing a large elm tree. Each snatching up a stick they went to the tree. At first they were unable to see the monkey on account of the vast foliage, but presently he appeared from the leaves and instead of being a monkey it was Wildmeyer in his sleep looking for paw paw.

ALUMNAE MEETING.

Mrs. E. C. Lambert expects to return to day from Decatur, where she has been attending the Decatur Alumnae association of the Illinois Woman's college. A splendid meeting was held and Mrs. Lambert appeared on the program in an excellent address.

The following officers were chosen:

President—Mrs. Edith S. Haines. Secretary—Mrs. J. C. Russell (re-elected).

Treasurer—Mrs. C. Martin Wood.

RAMBLERS DEFEATED.

The Third Ward Ramblers were defeated in a game of basketball Sunday by Lloyd Foxlander's team by a score of 6 to 5. The Ramblers were Ramblers, Blue and Penny; Foxlander's team, Platt and Kentucky.

AVIATION MEET PLEASURES CROWD

About 4,000 persons Sunday saw satisfying program at Baldwin Park.

Quincy Journal. Quincy people were given the excitement Saturday and Sunday at Baldwin park that long will be remembered by those in attendance. The entertainment was in the nature of an aviation meet, automobile races and motorcycle races, but only the latter were participated in by local talent. Sunday's attendance was estimated at 4,000.

The aviator, Oliver Masson, and Fred Hunter were the feature of the meet, the former flying in a machine of his own make and the latter flying a Curtiss airplane.

Masson is a masterful aviator and controlled his machine with the ease of an expert. His flights were well executed and entertaining.

CARD OF THANKS.

We wish to express our heartfelt thanks for the many kindnesses of neighbors and friends during the illness and after the death of our beloved mother, also for the beautiful flowers.

The family of Mrs. Mary Ann Baldwin.

PROTECTION FOR GRAIN

Practically all corn has been planted in Morgan county and it will not be many weeks until the harvesting of wheat, oats and hay will be in progress. Many a dollar is lost because of the poor protection for harvested grain. Look over your sheds now, and if any repair work is needed, do it now instead of waiting until the grain is ready for storing. If you have not all the space you will need, why not make some building plans now. Be sure to let us figure with you for the lumber. It will mean that you will get the right kind of lumber and at the right prices.

IN JUSTICE COURTS.

Several Cases Demand Attention of Squires Dyer and Coons.

Joseph and Lester Means and Frank and Amos Laurent, residing near Pontiac, were each put under bond of \$25 Monday for their appearance Friday afternoon at 1 o'clock in Squire Dyer's court. Mr. Means and his son are charged with having in their possession a pistol or deadly weapon and the Laurents are accused of flourishing a shot gun in a threatening manner. It seems that trouble had been brewing for some time between these two families and that the matter at other times has come very near to the courts. The dispute, it is said, was concerning damages for some wheat, which chickens destroyed. Means, it is said, drew a revolver on young Laurent, whereupon the senior Laurent appeared on the scene with a shot gun. It is thought that the matter can be settled out of court before the time of trial.

Romeo Bynum was fined \$5 and costs Monday in Squire Coons' court on the charge of assault and battery. John Salter, Henry Smith and Charles Robinson were also fined \$3 and costs each in the same court, the charge being disorderly conduct. Bynum was arrested on complaint of Thomas Govan, who conducts a hamburger stand at the corner of West Lafayette, avenue and North West street. Bynum, it is said, walked into the stand and with threatening men accused Govan of being responsible for the arrest of the three above named colored men.

The case of the People vs. William Tendick was also heard Monday in Squire Coons' court on a change of venue from Squire Henderson, and the defendant was found not guilty. Mr. Tendick was accused of maintaining a nuisance by not spraying his trees, which were said to be infested with San Jose scale. The complaining witness was P. A. Glenn of the state entomological board.

Men will enjoy seeing the aviator best by wearing a faultless negligee shirt with the soft collars to match. Faultless shirts are sold by FRANK BYRNS Hat Store.

MAY GET LINCOLN RELICS.

Maj. W. S. Lambert Believed to Have Awarded Property to Springfield. Springfield, Ill., June 10.—This city may get the \$150,000 collection of Lincoln relics gathered by the late Maj. William S. Lambert of Philadelphia, according to a press dispatch received here today. The will of Major Lambert has not been opened but some of his closest friends say that it contains provision that the collection shall go to Springfield. The collection is said to be the best of its kind in the world. Major Lambert has spent thousands of dollars getting together the various articles of interest in connection with the memory of President Lincoln. For a scrap book kept by Mr. Lincoln he paid \$500. He has paid \$1,000 and \$500 for articles on many occasions. Among the collection are a number of valuable Lincoln books and in the list of personal belongings is a pair of gold cuff buttons worn by Mr. Lincoln on the evening he was shot. Should the Lambert collection come here it would be necessary to provide a special museum under the direction of the State Historical society of the state government.

ANY WOMAN CAN HAVE BEAUTIFUL HAIR

Dandruff Disappears, Falling Hair Stops When You Use Parisian Sage.

No preparation has done so much to stop falling hair, eradicate dandruff and make women's hair beautiful as PARISIAN SAGE.

PARISIAN SAGE is most daintily perfumed. It is an ideal preparation not sticky or greasy. It does not contain any potent part of hair or scalp or any drug.

It is a magnificent dressing for women who desire lustrous, beautiful hair that catches admiration and for men and children nothing can compare with it.

It does away with terrible scalp itch over night and causes the hair to grow in abundance.

And a large bottle of PARISIAN SAGE costs only one at all drug and toilet goods counters.

Coover & Shreve guarantee it.

WIN FROM BATH.

Myers Bros. Ball Team Takes Initial Contest of the Season.

Myers Bros. baseball team played their first game of ball Sunday afternoon at Bath, when they met the strong team from that place, defeating them by a score of 9 to 5. Myers Bros. lineup was as follows: A. Woodman, first base; Nelson (Mgr.), pitcher and second baseman; A. Denney, shortstop; H. DeFreitas, third base; B. Denney, left field; H. Woodman (Capt.), center field; Rogers, right field; Herring, catcher; Simms, pitcher.

The following was the score:
R. H. E.
Myers Bros. 9 2 2
Bath 5 4 4
Batteries—Nelson and Herring; Lucas and Apple.
Howard Woodman, who is captain of the team, has been playing with Muskogee of the Oklahoma State League. Wheeler, who has also been playing there, expects to join the team here, and Tom Abel, who has been in California, expects to return to the city shortly and join the team. The local men expect to play Bath on the Fourth of July.

Over on the other shore
We will meet you dearest sister
And when there will part no more.

Sweetly sleep in peace beloved
Until that great and glorious day
When the resurrection dawns
And the mist has cleared away.

CROP CONDITIONS.
Farmers are making some complaint of cut worms, which thrive during this cool weather. Corn early planted came up poorly and much had to be replanted. Such long continued cool weather at this season is bad for corn and is almost unprecedented. Oats are looking very well and meadows are in excellent condition. A small rain now, followed by warmer weather would be very acceptable.

RESULT OF LOVE AFFAIR.
Chicago, June 10.—Unrequited love was the cause of two deaths here today, and what may be mortal injury to a third person. Dominick Bruff, dependent, threw himself in front of a speeding electric train and was decapitated. James Kramer, a printer, shot Miss Jennie Lochner, whom he had hoped to wed, then committed suicide. Miss Lochner may not live.

ILLINOIS ENTRIES

Athletes Who Will Participate in Great Olympic Games at Stockholm.

New York, June 10.—The American Olympic selection committee of which James E. Sullivan is chairman, spent the day in picking the athletes who will represent the United States in the Olympic games at Stockholm. From the thousand entries in each event only those who had shown the best performances were selected. In addition there was a supplementary list arranged, but the men mentioned will have to pay their own expenses. Several men on the preferred list are old-timers at Olympic contests, but new wonders like Wright of Dartmouth in the pole vault, Harbo of San Francisco, the high jumping marvel; Kivlat of the Irish-American A. C., who smashed three world's records in the 1,500 metres run in the last two weeks; Kramer, the Long Island club world's champion distance and cross country runner, and Young Drew, the negro sprinter of Springfield, Mass., who was practically unheard of until the eastern tryouts at Cambridge last Saturday, are included to make fresh records. In every event, championship calibre is maintained and barring accidents, the wearers of the stars and stripes should pile up more points than ever before. The team will sail Friday at 9 a. m. on the steamship Finland.

Included in the list are the following:

From Illinois—
100 metre sprint—P. V. Belote, Chicago A. A.
400 metre flat—Ira N. Davenport, University of Chicago; Edward F. Lindberg, Chicago A. A.
800 metre flat—Ira N. Davenport, University of Chicago.
Relay, 400 metres—Ira N. Davenport, University of Chicago; Edward F. Lindberg, Chicago A. A.
110 metre hurdle—John R. Case, University of Illinois.
Pole jump—Frank D. Murphy, University of Illinois.
Supplementary—Frank Coyle, University of Chicago.

TO FORFEIT BRIDGE.
Washington, June 10.—Senator Reed of Missouri today introduced a resolution to forfeit the St. Louis Merchant company's bridge across the Mississippi river at St. Louis between Eads bridge and the mouth of the Missouri and directing the secretary of war to operate it as a free public highway. He charged that its earnings had been pooled with another bridge.

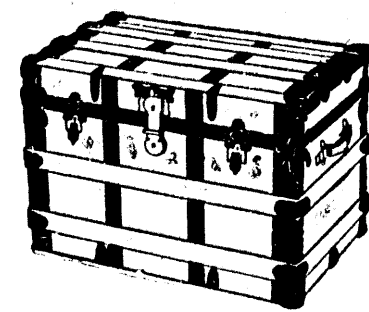

MISSING GIRL FOUND.
Chicago, June 10.—Catherine O'Brien, the 16 year old girl for whom search was made by the police through the Chinese quarter for several weeks after her disappearance, walked into the Des Plaines street station tonight and said she wanted to go home.

A young man who approached the station with the girl fled when an attempt was made to capture him. She admitted she had been enticed away from home by a waiter and that they had roomed at a downtown hotel. She refused to give the police his name.

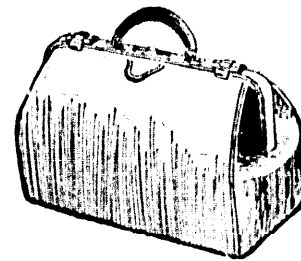

"I had read in a newspaper that I was supposed to be associating with Chinese and that made me give myself up," she said.

BLOOD HOUNDS FOLLOW TRAIL.
Villisca, La., June 10.—Blood hounds arrived here on a late evening train and were immediately taken to the Moore home. Within ten minutes they found a scent which took them over a circuitous route to the edge of the town and thence to the banks of the Nodaway river. Entering a deep woods along the river, the hounds led their follower over several miles of rough timberland and in the bottom. Because a company of militia had kept the crowds from going within several hundred feet of the home, it was hoped that the hounds might be able to accomplish much, as the ground had not been trodden over by the people.

STORE BURGLARIZED

Grocery of Charles Stevenson on South Main Street Broken Into Early Sunday Morning.

The grocery store of Charles L. Stevenson on South Main street was broken into sometime early Sunday morning, the burglars forcing an entrance through the front door. A few groceries and a little change, which happened to be in the money drawer, were taken.

As it was Sunday the burglary was not discovered until noon, when Mr. Stevenson happened to go to the store. In some manner the lock on the door was forced open, but not before the burglars had tried to break in at the windows. A peck or more of ginger snaps, a few cigars, several cans of salmon, some pennies, a dollar's worth of postage stamps, a lantern and perhaps a sack of flour were all that were missing. There is no clue to the burglary.

GAVE GOOD PROGRAM.

The regular meeting of the Ladies' Missionary society of Union Baptist church was held with Mrs. Ernest Wood. There was a large attendance of the members with several visitors present. The devotional meeting was led by Mrs. E. K. Stevenson.

The program was in charge of Mrs. L. H. Williams. Topic, "The Gospel on Wheels" or our "Chapel Cars." Those taking part on the program were Mrs. Harriet Beckman and Miss Mary Cooper. A very profitable discussion followed. A pleasant part of the program was the roll call responded to by a favorite hymn, several being sung by the ladies in response to their name. The hostess served refreshments, after which a social hour was spent and the meeting adjourned to meet the first Thursday in July with Mrs. John Samples.

FUNERAL NOTICE.

The remains of Mrs. William Higgins of Springfield will be brought to this city to day and funeral services will be conducted this afternoon, at 2 o'clock from the residence of Mrs. Flora German, 621 South Fayette street. Interment will be made in Diamond Grove cemetery.

OBITUARY.

Miss Nettie Bell Hundley, daughter of Mr. and Mrs. Joseph V. Hundley of Lynville, was born near Winchester, Scott county, March 19, 1891 and died in Springfield, Sunday, June 2, 1912, at 7 o'clock p. m., aged 21 years, 2 months and 14 days. Miss Hundley had only been in Springfield six weeks when she was taken suddenly ill. She was taken to the hospital and died from the effects of an operation. Her illness was so sudden and serious that she had passed away before her loved ones could reach her bedside.

Miss Hundley had spent her childhood in Scott county and after years had lived with her parents in other places. She was a girl whom everyone loved and wherever she went, always made a host of friends. Her sudden death came as a great shock to her relatives and those dear to the family.

William Hundley, a brother of the deceased went to Springfield and accompanied the remains to Jacksonville and from that place were taken overland to the home of her parents, a distance of eight miles. Besides her parents she is survived by the following brothers and sisters, Will, Bertha, Goldie, Nellie, Ethel and Clarence. Two sisters preceded her in death.

Funeral services were conducted from her late home Tuesday morning June 4 at 10 o'clock by Rev. L. G. Adams, and interment was made in the Claywell cemetery. The bearers were Charles Hamell, Edgar Worrell, Allen Sturdy, William Stevenson, George Flynn and Albert Potter.

"Death comes and claims thee for his own. To thee we say farewell. For Jesus calls thee home to him. At his right hand to dwell. And though we miss you here on earth, As cold in death you lie, We'll meet in that best land above, Where there is no good-bye."

At Lattrell's Majestic theater, to night, another great 101 Bison feature, two-part picture. Greatest of all western pictures.

CARD OF THANKS.

We wish to extend our heartfelt thanks to our neighbors and friends for the kindness shown us during the illness and after the death of our beloved wife and daughter, and also for the many flowers received. W. W. Crow and Family, J. F. Ritter and Family.

THE ALTON LIMITED IN A WRECK

Further Facts About the Red Train Leaving Track—Fortunate Escape For Passengers.

The wreck of the Alton Limited nearly Shirley Saturday afternoon was told in the Journal Sunday. The Bloomington Pantagraph gives some additional facts about the wreck as follows:

"The Chicago & Alton Limited train, leaving Bloomington ten minutes late at 3 o'clock Saturday afternoon, left the track eight miles south of the city. Three cars rolled partly down the embankment, while the engine and the rear of the train kept the rails. Passengers in the overturned cars crawled out of the windows to tell each other that they were not much hurt. A half dozen persons suffered cuts and other injuries but what might have been an appalling disaster turned out to be chiefly a loss of money for the road in injury to train, road bed and track.

"The cause of the wreck lies probably in a softened road bed and the spreading of the rails thereby.

Train Not Speeding. "The first throb of the disaster was heard and felt by Engineer Sid Webster in his cab. He felt the thrill that the experienced engineer feels when anything happens to the strings of cars behind. He felt the scrape of something wrong and applying the brakes as quickly as the realization came, he then turned his head and looked out of the window beside him. What he saw was this—the baggage car had left the rails and was sliding over the edge of the high embankment, pulling with it the mail car and the smoker and how much more of the train the engineer could not know.

"Then the coupling between the engine and the baggage car gave way and the three cars following slid down the high hill into the ditch.

"Mr. Webster shut off the steam and went back to assist in getting out the injured but by that time, the passengers were crawling out of the windows or through the up-side door of the car, and were little the worse for the experience.

In the Smoking Car. "In the combination of smoking car the sense of something wrong was noted when the cars began to bump along what was apparently the ties. There were twenty passengers in the smoker and each one noted the bumping and realized for the space of 100 feet, that the wheels were off the track. As one of the men said, 'I had never been in a wreck, but I knew that I was in one then and I looked about for something to catch hold of.'

Fortunately the cars went over gently and easily. First the wheels left the ties and sunk into the soft road bed. Then the cars began to turn over. Turned about one-fourth and stopped, then turned a little more and gradually leaving the tracks behind, the body of the car rolled over on its side, dropping the passengers into terrified heaps.

There was no panic and no screams. Nobody said a word, but the passengers righted themselves and sought a way out, through the windows or by the door. Later they returned for their baggage and in but a few instances was there any injury.

The Cars Derailed. "The cars derailed were the baggage, mail cars, the combination smoker and the chair car. The last car left the track and the front end plunged halfway down the embankment, but did not turn over and the passengers, most of whom were women, left the car in the regular way, excepting only from the shock and the fright. The other chair car, the parlor car, the diner and the smoker, did not leave the rails.

Rails Were Tangled and Bent. "It was apparent that some force had lifted the rails from the ties. The spikes were pulled up and the rails for 200 feet were off the ties, twisted and broken. One rail was broken squarely off in the middle.

It was apparent that one of the front cars, or possibly the engine tank had jumped the track, ploughed its way through the ties, dragging the rest of the train, spreading the rails and tearing them up.

As the train stood after the wreck, the front wheels of the engine were on the track and all others back to the second chair car were off.

In every case, the boiler of the cars had left the tracks.

S.S.S. CURES SKIN DISEASES

The cause of all skin diseases can be traced to some humor or acid in the blood; the cuticle is always healthy where the circulation is free from impurities. When the blood is infected with acid or unhealthy matter it cannot perform its natural work of nourishing the skin, regulating its temperature and preserving its normal softness, pliability and healthfulness. Instead it irritates and inflames the delicate fibers and tissues around the pores and glands and produces some of the many forms of skin disease. The itching and stinging so often accompanying skin affections are produced by the deposit from the blood of the acid humors with which it is filled, into the sensitive membranous flesh lying just beneath the outer covering, and surrounding the countless nerves, pores and glands. This explains why scratching the outer skin affords no relief from the itching and burning. S.S.S. cures Skin Diseases of every character by purifying the blood. It goes down into the circulation and removes the humors or acids which are causing the trouble, builds up the weak, acid blood, and permanently cures every variety of skin affection. Local applications can only soothe; they never cure because they do not reach the blood. S.S.S. goes right into the circulation, reaches the trouble and cures it by removing the cause. Book on Skin Diseases and any medical advice free to all who write.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

Dr. Pierce's Golden Medical Discovery. It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

CONVICT SEEKS RELEASE

Hartford, Conn., June 10.—Among the half hundred petitions laid before the Connecticut board of pardons for consideration and action today was an application for the pardon of Charles Warren, who is serving a life sentence in the state penitentiary at Wetherfield. Warren has the unenviable distinction of being the oldest convict in the United States in point of service. He had just attained his majority when he was received at the penitentiary to begin a life sentence for the murder of his young wife. Today he is an old man of 74, with a record of 53 years spent behind prison walls. The state board of pardons is familiar with every detail of Warren's case. Seven times has the board considered a petition for the old man's release and seven times has the petition been turned down. Whether the eighth petition will meet with a similar fate will soon be known. Warren has been a model convict and it is safe to say that there is not an official or inmate of the state prison who would not be glad to learn that the old man would be released to spend his last years in freedom.

THEY PUT AN END TO IT.

Charles Sable, 50 Cook St., Rochester, N. Y., says he recommends Foley's Kidney Pills at every opportunity because they gave him prompt relief from a bad case of kidney trouble that had long bothered him. Such a recommendation coming from Mr. Sable is direct and convincing evidence of the great curative qualities of Foley Kidney Pills. J. A. Obermeyer, City Drug Store.

ELECTRIC LIGHT MEN MEET.

Seattle, Wash., June 10.—One of the largest and most notable gatherings ever entertained in Seattle, the 25th annual convention of the National Electric Light Association, assembled today for a four days' session. Several thousand members from nearly 1,000 cities and towns throughout the country are in attendance. Business sessions will be held daily for the discussion of topics of common interest to the membership. In addition the program provides for numerous features of entertainment prepared to the visitors.

GRAIN REPORT FOR JUNE GIVEN

Government Issues Figures Showing Conditions of Growing Crops—Estimated Production Based on Five Year Figures.

Washington, June 10.—The June grain report of the government, giving the acreage, not previously announced, planted to the various important crops, the condition of the growing crops on June 1, the indicated yield per acre and estimated total production, based upon the ratio of the average condition on June 1 to the final yield in the five years, 1906-1910, as reported by the correspondents and agents of the Bureau of Statistics, Department of Agriculture, was issued today by the Crop Reporting board, as follows:

Spring wheat—Acreage, 19,291,000, compared with 20,281,000 acres last year. Condition, 95.8 per cent of a normal, compared with 91.6 per cent last year and 93.8 per cent the 10 year average. Indicated yield per acre, 13.8 bushels, compared with 9.4 bushels last year and 13.4 bushels, the five year average. Estimated total production, 265,000,000 bushels, compared with 190,682,000 bushels last year.

Winter wheat—Acreage, 25,744,000, compared with 29,162,000 acres last year. Condition, 74.3 per cent of a normal, compared with 89.4 per cent last year and 80.9 per cent the 10 year average. Indicated yield per acre, 14.1 bushels, compared with 14.8 bushels last year and 15.5 bushels, the 5-year average. Estimated total production, 363,000,000 bushels, compared with 420,656,000 bushels last year.

All wheat—Indicated yield per acre, 14 bushels, compared with 12.5 bushels last year and 14.6 bushels the 5-year average. Estimated total production, 628,000,000 bushels, compared with 621,338,000 bushels last year.

Oats—Acreage, 27,814,000, compared with 27,763,000 acres last year. Condition, 91.1 per cent of a normal, compared with 85.7 per cent last year and 88.1 per cent the 10 year average. Indicated yield per acre, 29.3 bushels, compared with 24.4 bushels last year and 28.4 bushels the 5-year average. Estimated total production, 1,109,000,000 bushels, compared with 922,298,000 bushels last year.

Rye—Condition, 87.7 per cent of a normal, compared with 82.9 per cent last year and 82.7 per cent the 10-year average. Indicated yield per acre, 16 bushels, compared with 15.6 bushels last year and 16.3 bushels the 5-year average.

Hay—Condition, 59.8 per cent of a normal, compared with 76.8 per cent last year.

Pastures—Condition, 93.7 per cent of a normal, compared with 81.8 per cent last year and 89.7 per cent the 10-year average.

June 1 the condition of winter wheat in Illinois was 41 per cent, the ten year average 82. It is estimated that the condition of the oat crop in Iowa was up to 97 per cent on June 1, the ten year average being 92 and the total acreage is 4,950,000 acres.

Illinois figures on oats are: Condition 84.2 per cent, average 87; acreage 4,220,000 acres.

Iowa has planted 480,000 acres in barley, the condition in June 1, 96 per cent, ten year average 94 per cent.

BERRY TO FACE CHARGES.

Hale Springs, Tenn., June 10.—What promises to be the most momentous convention in the history of the International Printing Pressmen's union is to be held here this week at the national home and headquarters of the organization. The recent strike of the pressmen employed by newspapers in Chicago and several other cities is said to have caused considerable dissatisfaction among the membership with the present heads of the union. Criticism is aimed particularly at President Geo. Berry, and it is reported that some quarters that an attempt will be made in the convention to oust him from office. Friends of President Berry, however, declare that the reports of dissatisfaction are greatly exaggerated and that there is little probability of any attempt to depose him from his position at the head of the union.

Why He Was Late.

"What made you so late?" "I met Smithson." "Well, that is no reason why you should be an hour late getting home to supper." "I know, but I asked how he was feeling, and he insisted on telling me about his stomach trouble." "Did you tell him to take Chamberlain's Colic, Cholera and Diarrhoea Remedy?" "Sure, that's what he needs." Sold by all dealers.

THE HUNDRED MOST INSPIRING WORDS

Grenville Kleiser of New York city (formerly instructor of public speaking at Yale university), offers a prize of one hundred dollars to the first person who submits to him a list of one hundred English words equally inspiring as the list which Mr. Kleiser has prepared. This is one dollar a word. Hyphenated words are excluded, nor is any word already in Mr. Kleiser's list to be used. In either the same or another form (as, achieving, almightiness, ambitions, etc.). Every word submitted must be a real word, appearing in a standard dictionary of the English language. Mr. Kleiser's sole object is to stimulate widespread interest in the study of inspiring words. The offer is open until December 1st, 1912. Send your list to Grenville Kleiser, 1269 Broadway, New York City, N. Y. Here is Mr. Kleiser's own list:

CURE FOR ECZEMA.

Discovery that Cures Eczema, Pimples and All Other Skin Diseases and Blemishes.

Hokara is recognized by the medical profession as an ideal treatment for eczema, pimples, blackheads, salt rheum, ulcers, freckles, acne, barbers' itch or any other skin disease.

It contains no grease or acids, is clean to use and is a true food for the skin, cleansing the pores and making the skin soft, white and beautiful.

This remarkable preparation is being sold in Jacksonville by Armstrong's drug store at the low price of 25c for a liberal jar. Larger sizes 50c and \$1.00.

If Hokara does not give satisfaction or do all that is claimed for it, you may return the empty jar to Armstrong's drug store and they will refund your money. If you have any skin trouble, you cannot spend 25c to better advantage than for a jar of Hokara.

PORTLAND ROSE CARNIVAL.

Portland, Ore., June 10.—The arrival of Rex Oregonus, king of the carnival, with his triumphal march through the streets of Rex's capital city, today marked the popular beginning of Portland's sixth annual Rose festival. The festivities will continue through the entire week. An unusually large number of visitors is in Portland and the city presents a gala appearance with its magnificent decorations of flowers and flags and its streets thronged with pleasure seekers.

Mrs. M. A. McLaughlin, 512 Jay St., LaCrosse, Wis., writes that she suffered all kinds of pains in her back and hips on account of kidney trouble and rheumatism. "I got some of Foley Kidney Pills and after taking them for a few days there was a wonderful change in my case. For the pain entirely left my back and hips and I am thankful there is such a medicine as Foley's Kidney Pills. J. A. Obermeyer, City Drug store."

ZIMMERMAN'S BAT DOES WORK

BREAKS UP GAME WITH NEW YORK IN TENTH.

Poles a Wild Pitch For a Home Run
In Last Inning With Tinker on
Third—Also Hits Another Earlier
in Game.

New York, June 10.—Chicago defeated New York in the first game of the series in the most exciting game played in New York this season. Chicago won in the tenth, when, with Tinker on third, Crandall was ordered to pass Zimmerman. Zimmerman reached out of the box and drove a wild pitch into the right field wing of the grandstand for a home run. Earlier in the game, Zimmerman hit a home run into the left field bleachers. Meyers' hitting was responsible for most of New York's runs. He made a home run, triple, double and single in five times at bat. His triple drove in New York's tying run in the eighth and his double in the tenth drove in a run and put men on second and third. Fletcher, however, was thrown out by Evers.

MRS. STEVENS RECOVERS

After Years of Suffering.
Tells How Her Health
Was Regained.

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to you for special advice. In a short time I had regained my health and am now strong and well."

—Mrs. SALLIE STEVENS, R.F.D., No. 2, Comanche, Okla.

Another Woman Recovers.
Newton, N.H.—"For five years I suffered from female weakness and dragging down pains. Lydia E. Pinkham's Vegetable Compound has restored my health and the pains are gone."

—Mrs. F. A. PEASLEE, R. F. D., Box 24.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without trying Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Woman's Best Help
to the good health which comes from regular action of the organs of digestion and elimination—to freedom from pain and suffering—to physical grace and beauty—is the harmless, vegetable remedy

THE GREAT PROBLEM.

By C. G. Snow.
In our coming legislature the most important of all the matters will be that of a law permitting the counties of the state the privilege of deciding by their votes against the licensed saloons. This is clearly one of the absolute rights of the state and the people should be allowed to exercise it. This question is before us to stay, it touches injuriously every legitimate interest of our country. It is the poisonous weed that threatens our Christian civilization. Its terrible fruitage can be measured by no standard of value. It opens wide the gateway to wretchedness here and perdition hereafter. It is an outlaw and why should it be allowed to exist through the sanction of law? Strong drink has destroyed more lives than war, famine, and pestilence; as an evil it baffles description, it robs at moral evasion, sets at naught the Bible and is the prolific source of nearly every species of crime that fills our prisons as the fruitage of its unholy work.

It lays its ruthless hand upon chastity and turns a deaf ear to the entreaties of the pleading mother for the safety of her boy. The question is still pertinent as God presented to Cain: "What hast thou done? The voice of thy brother's blood crieth unto me from the ground." Not merely one soul but thousands upon thousands pass away from our land every year as the fruit of the liquor business and still the work of destruction goes on with unabated fury.

The sails of the gods grind slowly but the grist will be ground. The state and nation must take action to the full extent of their own respective powers. All revenues used for the support of the government derived from the manufacture and sale of intoxicating liquors whether by taxation or license are morally wrong and should cease. The cities are the strongholds of intemperance. Their influence has become a dangerous element in a very special sense on the temperance problem. If left to a vote of the people in giving the separate counties to decide on this matter, we have no doubt a large majority of them would become dry territory. Will the coming legislature make provision for this to be done? This will depend upon whom you elect. There should be no special party question; all who favor their country's best interest, their home and family should be of one mind. There must be unity of action if we expect success. The enemies are united; they rally their forces, spend their money and disregard law in their methods of work.

The city of Jacksonville has been learning some very costly lessons as to the finished work of the drink habit. We have pointed out some of its evils, but the half has never been told; there are pains of soul anguish that words can not define; no painter's brush or skilled artist can carve in marble an adequate portrait of the fruitage of intemperance. The wrong must be righted.

We will close by a quotation from the prophet that is appropriate to the subject we think:

"I will stand upon my watch and set me upon the tower and will watch to see what he will say unto me, and what I shall answer when I am reproved. And the Lord answered me and said: 'Write the vision and make it plain upon the tables, that he may run that readeth it. For the vision is yet for an appointed time, but at the end it shall speak and not lie, though it tarry, wait for it; because it will surely come, it will not tarry.'"

MODERN ALIMENT
RESULT OF WORRY.

One Symptom, Lack of Energy.

New Tonic Recently Introduced in This Country Restores Lost Energy and Vitality.

The hustle and worry and strain of modern life has produced a modern ailment. This modern ailment is nervous debility and during the past ten years it has swept over the country like wildfire.

To day a large percentage of the population, particularly city dwellers, are afflicted with nervous debility or a "run down" condition as it is called.

COUNCIL HELD BRIEF SESSION

Money Ready for Nearly All City Employees—Applications for Vacant Commissionership Received.

The regular session of the city council, held Monday morning was brief. Mayor Davis and Commissioners Engel, Knollenberg and Newman answered to the roll called by R. L. Pyatt, clerk.

The minutes were read and disposed of and reports received from Dr. A. M. King, health warden, and from the public library board were received and placed on file. The main facts from the health report are given below and the library report has already been printed.

Applications for appointment as city commissioners were read from Harry Myers, W. H. Cobb, J. E. Brennan, Perry White and W. C. Osborne. The applications were received and placed on file for further consideration. The application of W. H. Cobb was accompanied with a petition supporting his candidacy, signed by a large number of car shop employees.

Commissioner Knollenberg reported that the pay roll was ready to June 1 for all city employees, except the commissioners and part of the street department and cemetery payrolls. He said that the money for these would be ready within a short time, from poll tax funds, as only about \$200 is lacking. Commissioner Newman said that the street department men ought to all have their money and asked that when street employees for whom there are warrants come in and send the same to him.

Commissioner Knollenberg reported that the city attorney he had attended the tax sale and had purchased all property in which the city has an interest.

The following facts are from Dr. King's report:

Mortality statistics for the month of May: Total, deaths, 44; males, 26, and females, 18. Deaths out of city, 1; deaths at insane, 15; deaths in city, 29. Age, one under 4; three from 5 to 20; 14 from 20 to 30; 10 from 30 to 70; 13 over 70. Menses, 2 cases and five complaints made.

MUCH IMPROVED ALL ALONG LINE

Mrs. Beebe Writes Good News About Health After Cured Doctor's Treatment.

When a person is sick, when the constitution and nerves begin to fail, usually there is a complication of diseases. The first trouble so weakens the system that it is easy for other diseases to develop and soon the poor patient has so many ailments that it is impossible for him to tell what his ailment really is, and the ordinary doctors often become confused, and not being able to locate the real cause of the trouble, they busy themselves treating first one symptom and then another, while the disease goes unchecked and the patient grows steadily worse, and finally is in a helpless condition.

It is at such times as this that a real specialist, such as the United Doctors who have their office on the second floor of the Farrell Bank building, is most needed. The United Doctors never treat symptoms. They first make a thorough, scientific, exhaustive examination and study of the case to find the real, underlying cause of the trouble, then by removing the cause, they are able to correct a long chain of symptoms but without treating any of the symptoms.

The new treatment used by these master medical specialists is always directed at the cause of the disease; that why they are always so successful.

A case in point is that of Mrs. J. W. Beebe, wife of the well known barber shop proprietor who lives at 417 Lime street, Waterloo, Iowa, who suffered from a complication of diseases that could not be helped by ordinary doctors. She says:

"I had what doctors pronounced bronchitis and laryngitis for years, and at times my throat trouble would be very severe and creaks and patches would come on my tonsils and in my throat, but for the past nine months, my throat and tonsils were very sore all the time. I had tried several doctors and treated with one whom I visited daily for six weeks. He treated by burning but I got no better. In fact I grew worse so that I got all run down, very nervous, could not sleep or eat, and was almost a wreck of myself."

"When I saw the United Doctors' statement in our paper I thought maybe they could help me and so called on them. They examined me and told me they could cure me within a few months."

"I have taken treatment now for three months and am about well. My throat is better than it has been in years. I eat and sleep well, am gaining in weight, am feeling good and my general health is just fine. My friends all think I am looking so well and think it a wonderful work."

"Mrs. J. W. Beebe."

The United Doctors' Jacksonville office is open only each second Friday and Saturday. The next date on which it will open is Friday and Saturday, June 14 and 15. Consultation and examination are free and only curable cases are taken for treatment.

EDITORS AT SPARTANBURG.

Tomorrow the annual address will be delivered before the association by Charles H. Grasty, the Baltimore newspaper publisher.

AVIATORS HAVE REACHED CITY

Masson, Hoover and Mills Here For Speed Carnival—Great Show Is Assured.

Three aviators of national reputation and their crafts arrived in Jacksonville yesterday for the big aviation, automobile and motorcycle races, which will begin at Jacksonville Driving park Wednesday and Thursday. The meet will be a two-day carnival of speed.

Didier Masson, the famous French aviator, Fred Hoover, the intrepid German flier, and J. W. Mills, the noted American flier, and the group of mechanicians and aeroplanes, arrived in this city yesterday afternoon.

The aeroplanes will be taken to the driving park as soon as the new hangers, which are under construction are completed. The aviators are elated over the selection of the driving park for the big meet.

The winds, rain or cyclone will not worry the daring Didier Masson, who bears the distinction of being the man who made the wind check a thing of the past. However, there are other aviators who do not brave the winds with the same reckless abandon as the greatest of them all.

Hoover will compete in the aerial races with a baby Curtiss type racer, and Masson, the Frenchman will fly a Masson, Gnome, motor 70 horse power, a passenger carrying machine. They will compete in several events, such as altitude, duration, speed, distance, short start, quick start, accuracy in landing, and many other events which will be very instructive.

The automobile and motorcycle races will be very interesting as some of the fastest cars will speed around the half mile track at a rate of 90 miles per hour. The Interstate racing car, the Moon, Apperson, Abbot, Detroit, the Velle, Maxwell, Staver and several other big cars are entered in the races. The star motorcycle riders that thrilled immense crowds in Chicago last summer, will participate in the motorcycle races, Wednesday and Thursday, June 12 and 13.

CHILDREN SUFFER WHO COULD GET RELIEF QUICKLY.

Try This Remedy at Our Risk.
If you have ever seen a child tearing at his face and crying, unable to sleep because of the awful itching rash or eczema, you will be glad to know that this can now be prevented.

All you need is to apply Saxon Salve, our new remedy for skin diseases, which not only always stops the itching quickly but also wonderfully healing and is as good for grown persons as for children.

Even where the skin is scratched raw, or covered with crabs and scales, Saxon Salve penetrates to the very roots of the disease and destroys the germs at the same time stopping the itching so that the skin is rendered perfectly comfortable.

Many skin remedies are disappointing but Saxon Salve is so remarkable that we guarantee it to give satisfaction, paying back your money if it does not. Lee P. Abbott, druggist, Jacksonville, Ill.
